EXAMINER'S STATEMENT OF REASONS FOR ALLOWANCE

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 11/15/05 has been entered.
2. This Office Action is responsive to Applicant's Amendment filed on 11/15/05. Claims 1 and 6 have been amended, and new claim 10 has been added accordingly.
3. Claims 1, 2, 6, 7 and 10 are allowed.
4. The following is a statement of reasons for the indication of allowable subject matter: Claims 1 and 6 have been amended to overcome the prior art. Examiner agrees with Applicant's arguments regarding claims 1 and 6. New claim 10 is similar to claims 1 and 6. The prior art of record does not disclose or render obvious a motivation to provide for a power transmission apparatus as defined by the limitations of claims 1, 6 and 10, including an engine, a starting clutch, a hydrostatic continuously variable transmission including a swash plate hydraulic pump and a swash plate hydraulic motor, and a speed change driving member for moving a speed changing driving shaft back and forth to change an angle of the swash plate of the swash plate hydraulic motor, wherein the engine crankshaft is disposed in a longitudinal direction of the vehicle, and the axis of the speed change driving shaft is disposed inside of an acute angle defined by a line segment passing through the axis of the hydrostatic continuously variable transmission and the axis of the engine crankshaft and the axial line of the cylinder block.
